PATTERSON ROBBERS CAUGHT

Basket Factory Is Spending \$4,500 Per Week in City

Plant Running Day and Night at Three-Quarters Capacity

Manager McGregor Expects Schedule to Last Remainder of 1931

Since the middle of May the Hope Basket company plant has been a bright spot in Southwest Arkansas industrial operations.

The plant worked 200 employees last week, and the average number this week has been between 210 and 220.

One factor behind this sustained activity is the recent out-breaking fruit crop reported in all sections of the United States.

The 1931 peach crop is responsible for a considerable part of the activity in the basket trade.

Although the expected return to the peach producer will be small on account of the tremendous crop, it promises unusual activity for labor and the communities close to the great orchards.

The Hope basket plant has accumulated vast stocks of baskets, piled up by the thousands in a great warehouse behind the local factory.

Mr. McGregor on Thursday took a representative of The Star through the warehouse and the plant, and showed in detail the operations of the company's new drying kiln.

Mr. McGregor on Thursday took a representative of The Star through the warehouse and the plant, and showed in detail the operations of the company's new drying kiln.

Reveals Capone's Tax Dodging

He may prove the nemesis of gangster Al Capone, for Elmer L. Irey, chief of the intelligence bureau of the U. S. Internal Revenue Department, and it was under his direction, that the Chicago racketeer's activities as a tax dodger were uncovered.

Poison Suspected In Woman's Death

Analysis Ordered After Former Resident of Vilonia Dies

SHREVEPORT, La.—(AP)—Coroner W. P. Butler Thursday ordered a chemical analysis made of the vital organs of Mrs. Coy Vernelle Sweet, 34, who died Wednesday under circumstances that he said indicated death by poison.

Mrs. Sweet was the wife of the Rev. L. L. Sweet, a Nazarene minister of Ida, La. Mrs. Sweet formerly lived at Vilonia, Ark., near Conway.

Coroner Butler said he was told by the attending physician that Mrs. Sweet died in convulsions. He said the husband called the physician after Mrs. Sweet became ill during an automobile ride.

Mrs. Sweet is survived by several children, and her parents, Mr. and Mrs. T. S. Simpson and other relatives at Vilonia, Ark.

Dr. Butler said it would be at least three days before a finding could be returned in the investigation.

Mrs. Eva Taylor to Attend Convention

Seventeenth Annual Meeting of Woodmen Circle at Buffalo, N. Y.

Mrs. Eva D. Taylor, national secretary and field representative of the Woodmen Circle, will leave Sunday for Buffalo, N. Y., where she will attend the seventeenth national convention of the society which convenes June 24.

Mrs. Taylor is a member of the Popular Grove of Hope, and also attended the national convention held in Seattle two years ago.

East will meet West in the opening session of the convention when Mrs. Mamie E. Long, state manager of New York, makes the welcome address which will be responded to by Mrs. Eva Ferguson Battle, of Sacramento, state manager of California.

The flags of 45 states in which the society operates, will be presented.

Municipal Audit For Ten Months Published Today

City Lost \$6,200 in Ten Months—Plant Made \$32,000 in Nine

COVERS TWO PAGES

Frank Philbrick & Co. Statement Released By City

A 10 months' audit of the City of Hope and a 9-month statement for the Hope Water & Light Plant, municipal utility, appear in today's edition of The Star.

The audit was ordered by Mayor John Vesey and the city council upon assuming office in April, under the state law requiring a municipal audit to be published twice a year by all cities of the first class.

Hope became a city of the first class on the 1930 federal census, with a population of 6,008, and was formally declared a first class corporation at the beginning of 1931.

Frank H. Philbrick & Co., local accountants, obtained the contract for the audit, which was certified by Robert Wilson, certified public accountant.

The financial statement, which covers two pages of The Star, shows the City of Hope to owe approximately \$40,000, less \$17,000 in current assets, or a net indebtedness of about \$23,000.

Compared to other Arkansas cities, the Hope statement is probably one of the strongest, regardless of a city's size or total wealth.

For the 10 months covered by the audit, July 1, 1930, to April 30, 1931, the City of Hope showed an operating loss of \$6,298.79.

For a nine-month period, July 12, 1930, to April 12, 1931, the municipal light and water plant showed a net profit of \$32,430.42.

Visiting Day For Negroes Is June 27

Many Colored People of Hempstead and Other Counties Expected

Saturday, June 27, has been set as the first negro visiting day at the Fruit and Truck Branch Experiment Station, according to G. W. Ware, assistant director, in charge.

The meeting for colored people will be held the next day after the annual visiting day for white people, which is set for Friday, June 26.

An interesting and instructive program has been planned. The forenoon will be spent in visiting and studying the various experiments with fruit, truck, and field crops on the station farm.

During the noon hour, an entertainment program has been arranged, including quartet, a negro magician, and group singing of spirituals. The afternoon program will consist of short talks by Dean Dan T. Gray, dean of the College of Agriculture and Director of the Experiment Station, and by the several leading negro educators of the state.

Ozan Is Host to Members of American Legion and Auxiliary Thursday Night

Mayor E. Haselman, Welcomes Large Number of Ex-SERVICE Men, Their Wives and Friends to Outpost Meeting of Organization. L. J. Kosminski Is Principal Speaker

Between 400 and 450 people attended the Legion and Auxiliary outpost meeting at the church at Ozan Thursday night, to partake of the hospitality of the members in that community.

Mayor E. Haselman, and the citizens of that little city.

Mayor Haselman made a splendid speech of welcome to the visitors, reminding the service men of the sacrifices they had made during their war-time service, which could not be made up to them at this time, by the government, nor the people at large.

Barney Hamm responded, thanking the mayor, and the people of Ozan who had gone to such great effort and expense to make the event a memorable one.

Edward McFaddin introduced the speaker of the evening. He told of his former appearance in the church of Ozan, on a patriotic occasion. It was on the occasion of the Victory Liberty Loan campaign, after he had returned home from the war, he said.

Ozan went over the quota in that drive, in a big way, as always before, stated Mr. McFaddin. "And now, after 12 years," he said, "I find an audience at least twice as great, gathered together for another patriotic event."

He paid high tribute to those who had done so much to make the meeting worth while.

Kosminski Is Speaker

Dr. L. J. Kosminski, of Texarkana, and formerly state commander of the Arkansas Department, American Legion, made the principal speech of the evening. He rapped Andrew Mellon, secretary of the treasury for attempting to interfere with the recent loan on adjusted service certificates.

He told how these certificates were given former service men as a partly adjusted pay for their service in the war at from \$1.00 to \$1.25 per day. Rather than pay service men in cash.

Tomatoes to Start Moving Monday

Growers Warned to Use Care in Grading Crop at Home

NASHVILLE.—The movement of the tomato and cucumber crops from this section will begin Monday, it has been announced by buyers and associations. It is not expected that the shipments will be heavy for the first few days, however.

Because of the market conditions, the growers have been urged to grade their tomatoes closely before carrying them to the shed, and a warning has been issued to the growers not to pick their tomatoes too green. Some of the growers have become over-anxious about harvesting their tomatoes in the past and have suffered a loss in price because of pulling too green. The immediate shipment is not only effected but all future shipments are hurt because of the early poor quality.

It is said that every patch should produce some few ripe tomatoes before any harvesting is ready to begin, and filling in with green tomatoes is very costly in the long run.

The cucumbers should also be graded closely, in order that a definite establishment of a quality market here may be assured.

Johnny Torrio Has Succeeded Capone As Gang Chieftain

Rumors Persistent That He Has Left Florida Home for Chicago

CALLED THE 'IMMUNE'

Brought Al Capone From Brooklyn to Manage Vice District

CHICAGO.—(AP)—The Herald Examiner said Friday that Johnny "The Immune" Torrio, has succeeded Alphonse Capone as gang chieftain here.

Rumors have been persistent for weeks that Torrio had abandoned his Florida state to return to the underworld he left several years.

Torrio brought Capone from Brooklyn a decade ago to manage the vice district and he reported he had been advised Capone had pleaded guilty to government income tax and prohibition charges.

C. C. Spragins, New Rotary President

Dr. W. R. Anderson Reports Improved Crop Condition in 2 States

C. C. Spragins, cashier of the Citizens National Bank, was inaugurated president of Hope Rotary club for the 1931-32 year at the club luncheon Friday at Hotel Barlow.

Mr. Spragins, who succeeded George W. Ware as president, headed the following list of new officers:

Vice-president, L. Carter Johnson; secretary, Robert Huguennin; treasurer, M. M. Smyth; additional members of the board of directors, Jim Henry and C. S. Lowthorp.

The club welcomed A. C. Moreland, of Moreland's drugstore, as a new member, under the classification of "food manufacturer."

Guests of the club were, Sam Dameron, new member of the staff of the Fruit & Truck Experiment Station; and Dr. W. R. Anderson, pastor of First Presbyterian church.

Dr. Anderson, following President Spragins' address, spoke briefly on economic improvement he had noticed in Arkansas and Missouri during a visit two weeks ago at his old home town, Palmyra, Mo.

"So noted an economic authority as Robert Babson told us this week that national business has touched bottom and is already on the upward trend—a fact which I think conditions in Arkansas and Missouri bear out," Dr. Anderson said.

"Hope is fortunate," he continued, "in being an agricultural rather than an industrial center. Our crops are definitely assured of success this season barring accident. I found wheat in Missouri the best in years, and cotton looks equally good in our own state."

Frank Ward, of the program committee, brought up the subject of next Friday's program, June 26, and E. F. McFaddin moved that the club holds its luncheon at the Fruit & Truck Experiment Station, which celebrates Visiting day on that date. "I make this motion," Mr. McFaddin said, "believing in Rotary's policy of keeping the time and the meeting place of our luncheons unchanged but believing also that our club wish to take this opportunity of honoring George W. Ware for his successful administration as president, just closed." The motion was seconded by Terrell Cornelius, and the club voted to meet at the Experiment Farm next Friday.

Confession From One, Shreveport Authorities Say

Bulletins

WASHINGTON.—(AP)—Justice Frederick L. Siddons of the District of Columbia Supreme Court who presided at the trial of Harry Sinclair, oil man, and sentenced him to jail for contempt of the senate died Friday.

LONDON.—(AP)—Prime Minister MacDonald, in a statement Friday denied that Secretary of the treasury, Mellon was here to discuss war debts at the invitation of the British government.

WASHINGTON.—(AP)—The Commerce Department announced Friday that Amelia Earhart, noted woman flier had been reprimanded for carelessness and poor judgment in handling her autogiro when it crashed at Abilene, Tex. last week.

NEW YORK.—(AP)—Damage to Ruth Nichols plane in landing at the Jersey City airport Thursday on the first leg of her projected solo flight across the Atlantic will prevent her leaving before Sunday.

RENO, Nev.—(AP)—Cornelius Vanderbilt, Jr., filed suit for divorce here Friday charging his wife the former Mary Davidson Weir Logan of Chicago, treated him with extreme cruelty.

Fayetteville Plans Biggest Farm Week

Expect 13th Annual Event to Bring More Folks Than Ever Before

FAYETTEVILLE, Ark.—Attendance at the 3th annual Farmers' Week and 6th annual 4-H club camp, which is to be held here August 4, 5, 6 and 7 by the University of Arkansas College of Agriculture, will probably exceed all previous records, according to early reports from county agents and county home demonstration agents.

Perry county will send 200 4-H club boys and girls, County Judge Baylor House is furnishing the gasoline and oil for the buses, which are to be furnished by the county schools. The boys and girls in addition to their regular 4-H Club projects are growing food supplies which they will take with them.

Franklin county has already arranged transportation and the 250 4-H Club boys and girls of that county are growing their food supplies for the trip.

The Port Smith Chamber of Commerce is giving 600 trips to Farmers' Week awards to 4-H Club boys and girls who attended the county rally recently.

The Brannen 4-H Club in Faulkner county will take its entire membership of 44 boys and girls on funds raised by the club through holding pie suppers, picnics, quilting a quilt top, and giving a play.

Touring to Farmers' Week is going to be more popular than any previous year. While the majority of farm people attending past Farmers' Weeks have toured to this event, this year will mark probably the greatest number in the history of Farmers' Week. Reports from counties state that county delegations will come in their cars, bringing their camping equipment and food. In order to meet this increase the University of Arkansas College of Agriculture is enlarging its camping facilities, which are furnished free.

Phosphate at \$1.67 Adds 16 Bushels to Wheat Crop

McPHERSON, Kan.—(AP)—More than 50 soil tests with treble super-phosphate are being carried on in 15 townships of McPherson county this year, the compound being seeded with the wheat or other crop planted. This application, costing about \$1.67 per acre, is credited in experiments at Kansas State college, Manhattan, with increasing wheat production as much as 16 bushels.

Chief Stuart and Baker Leave With Hendrix, of Store

Local Men Expect to Complete Identification of Prisoners

BELIEVED BANDITS

Telephone Message From Shreveport Chief Tells of Confession

Shreveport (La.) police telephoned Chief of Police Claude Stuart at 11 o'clock Friday morning they had arrested the "Patterson" Department store robbers.

One of the men has confessed to the Hope robbery, the other refusing to talk, the Shreveport police chief said over the telephone.

Believed Identified

Full descriptions of the two men telegraphed to police authorities of every city in this section by Chief Stuart immediately after the robbery last "Saturday" night, enabled Shreveport authorities to pick up the men when they appeared there Friday, according to the telephone message.

Chief Stuart, Deputy Sheriff Clarence Baker, and Dewey Hendrix, of Patterson's Department Store, left for Shreveport Friday noon to make identification.

Patterson's store was held up, and robbed of between \$400 and \$500 about 8:30 o'clock last Saturday night.

Two men, unmasked and well dressed, covered Miss Jack Porter at the downstairs cashier's window, and R. M. Patterson, the proprietor, and young Carroll Carpenter, who were in the main office on the mezzanine floor. Young Carpenter reached for the bandit's gun and received a lacerated wrist as the robber hit him with it.

Robbers Were Unmasked

Mr. Patterson, Mr. Hendrix, Miss Porter and other store employees were believed able to identify the robbers if caught. Miss Porter and Mr. Hendrix thought one of the men had been in the store earlier in the day to make a small purchase, meanwhile determining the location of the cash windows.

Two days after the robbery, Mr. Patterson and Mr. Hendrix were called to Little Rock to attempt the identification of two petty robbers held by the police of that city. They proved not to be the men however.

The Shreveport authorities were positive that they had the real men, one of whom they said made a full confession.

Jury Selected To Try H. G. Landsdale

1st Degree Murder Charge Held Against Alleged Slayer of McCabe

LITTLE ROCK.—(AP)—A jury was selected before noon Friday to try H. G. Landsdale, Atlanta, Georgia salesman, on a first degree murder charge, growing out of the shooting of Representative W. U. McCabe, of Baxter county in a hotel here last March.

Defence attorneys in their opening statements said they would seek to prove that a party was staged in McCabe's room during the evening, and the pistol and cartridges found in Landsdale's room were planted there.

Vanderbilt Silent on Storm Career Episode

RENO, Nev.—(AP)—Cornelius Vanderbilt, Jr., was "sorry" Thursday that he had "nothing to say" concerning the latest episode in his stormy career—a reported rift with his wife over alleged attentions paid her by Peter Arno, noted cartoonist here for a divorce.

Neither would Mrs. Vanderbilt nor Arno comment on reports Vanderbilt had gone gunning for Arno but had changed his mind before reaching the Arno residence and returned to his own home.

Chief of Police J. M. Kirkley said Arno had come to him Tuesday asking for protection from Vanderbilt, who, he said, had threatened to do him "bodily harm."

He Who Laughs Last—!

Daily WASHINGTON LETTER

BY RODNEY DUTCHER
 NMA Service Writer

WASHINGTON.—The police of Washington collect doors. Lately they have accumulated a dozen of them.

It's a strange hobby but, just as stamp collectors do not bother with the common two-cent ones and coin collectors do not go in for modern pennies and nickels, the police do not concern themselves with ordinary doors such as yours and mine.

The doors in the collection at headquarters are stout, thick affairs and when they are not made entirely of steel you are likely to find that they really are two doors, clamped together, with a heavy sheet of steel in between. Each one usually has four or five large bolts and more often than not there is a little hole or barred gate through which it appears that someone might have wanted to be looking at you. Sometimes it takes four coppers to carry one of these doors.

Get Doors From Speakeasies
 The police say they get the doors from speakeasies and gambling joints, those being the only kind of doors in which they are interested. They also advance a quaint theory that the barriers were constructed and installed in order to keep the police from coming into those places and, if anyone were to become so unmannerly, to resist attacks made with axes and crowbars.

A three-fold purpose inspires this door collecting. After a door is removed there is no longer any barricade against the police. Also the proprietor, even if he has escaped arrest, is likely to be discouraged, for even if he makes himself another special door he is likely to lose that, too. And, finally, the reason the police treasure the doors at headquarters is that they can use them in court as evidence tending to show that there must have been something funny about a place that had a door like that.

Patrons Inconvenienced
 The warrantless raids in which the doors are acquired have been

drawing crowds in the heart of Washington and are seriously inconveniencing patrons of the more pretentious drinking and gambling places. They followed a series of shootings which seemed connected with the capital's "underworld" and revealed the existence of a rather surprising number of joints right in the middle of the town. The coppers, it appears, must buy liquor or participate in gambling in order to get a warrant for such a place. Everyone knows who the coppers are, so that has been very difficult.

But three detective sergeants started out, visiting places and collecting doors. They found that if they stayed around long enough demanding entrance they were usually admitted. Even if they weren't they had the satisfaction of knowing that they had frightened the operators into dumping their liquor down the sink.

Take 45 Minutes to Crash In
 The proprietor of one club got into the habit of making a speech like this to his guests:

"Gentlemen, it seems that the law is without. I can assure you that it will require the law at least 45 minutes to burn through our new iron door, even if it uses a blowtorch. Meanwhile, before we proceed to dump, all refreshments are on the house. You may drink as rapidly as you like, gentlemen, and no holds barred. If the law finally invades us I trust that you will give your names as Bishop Cannon, Andrew Volstead, Clarence True Wilson and other similar names that may occur to you."

As a matter of fact, when the law finally entered and took away the door, the seven customers present all gave the name of "Smith."

Sometimes it takes nearly an hour to chop or crowbar a door from its moorings.

There is question whether the recent series of warrantless raids will result in many instances of convictions for law violation, but life is becoming a bore for many of the guests who have been doing business behind those doors.

News Of
Other Days

From the Columns of
 The Star of Hope

Twenty-five years ago

Miss Mary Kim Carrigan gave a party to twenty-five of her little girl friends Monday afternoon.

J. M. Key, cashier of the Bank of Washington, is in jail on a charge of receiving deposits when the bank was in an insolvent condition, and the depositors have taken charge of the bank.

Messrs. O. L. Reed and W. H. Hut-

chison made a business trip to Nashville yesterday.

Ten years ago

Miss Nina Knighton returned Sunday from Little Rock where she has been teaching in the public schools for the past two years.

Misses Mary Billingsley and Lonina Sanders have returned from a visit to relatives at Okla.

Mrs. Aline Johnson left today for a vacation at Baker Springs.

The early appearance of boll weevil in a number of Hempstead county fields is the cause of grave concern among both farmers and business men.

U. S. Hostess

American visitors to the U. S. exhibit at the International Colonial and Overseas Exposition now being held in Paris will be greeted with warm, southern hospitality by Catherine Harrison, above, daughter of Senator Pat Harrison, of Mississippi. Miss Harrison has been appointed one of the official hostesses for the United States.

 "WE'VE GOT IT"

BARBS

Well, anyway, the movie business is fundamentally "sound."

An Indiana woman found \$17,150 in government notes in four jars she dug up in her garden. Bottled in bond, as it were.

Next to picking the right opportunity, the best chances for success appear to come in picking the right horse.

The trouble with crime in this country is that too few gangsters are hung up after they are "framed."

PERSONAL

There's an A. & P. store as close to your house as we could possibly put it. It's selling the best food at prices that allow hundreds of dollars in savings to remain in the homes of its customers every week.

This money you save is the money that stays to home and at your home, not somebody else's.

Russia Should Be Recognized

PRESIDENT HOOVER'S reference to the Russian Five-Year Plan, while discussing American unemployment on his speaking tour this week, reminds this writer that the United States never yet has recognized the government that the Russians set up in 1918, and which thirteen years later is still standing.

Lad and Lady

Lady Astor, American-born member of the British Parliament, was one of the proud mothers at the June celebrations at Elton College, England. For her son Michael is a student there, and is pictured above, in the school's traditional attire, as he strolled over the campus with his famous parent.

In this city, "Miss Margaret McMath, daughter of Mr. and Mrs. T. McMath, 403 South Waverly drive became the bride of Warren Armstrong Tipton, son of Mr. and Mrs. W. A. Tipton of Dallas, Wednesday afternoon at the Tyler Street Methodist church, the Rev. S. M. Black, Pastor reading the ceremony. The bride who was given in marriage by her father, wore a dress of blue mousseline de soie, with a matching taffeta jacket and hat of transparent pink braid. She wore pink shoes, and pink lace mits. Her bouquet was a shower of pink rose buds and valley lilies. Miss Dorothy Estes, the maid of honor, was dressed in pink chiffon, with matching jacket of lace and hat and shoes of the same shade. She carried a shower bouquet of deep pink daisies. Miss Mary Jane Estes and Miss Evelyn Lois Green of Little Rock, Ark., junior bridesmaids, wore blue organdie frocks, with matching organdie hats and blue shoes. They carried baskets of daisies. The church was banked with palms, ferns and baskets of gladioli and daisies. Floor candelabra holding white candles lighted the altar. Miss Allene Hickey sang, preceding the ceremony, accompanied by Miss Isabel Wright, who also played the wedding march.

and recession. The bride attended the College of Industrial Arts at Denton, and Southern Methodist University, where she was a member of the Delta Gamma sorority. Mr. Tipton formerly attended the University of Illinois and is a member of the Delta Sigma Phi fraternity. A reception for the wedding party and members of the immediate families followed the wedding at the home of the bride's parents. Baskets of white daisies and roses were used in decorating the reception suite. The dining table was laid with a cloth of lace over a pink satin, and centered with a heart shaped wedding cake, embanked with daisies. White tapers burned in crystal holders. Mrs. E. J. McCabe of Hope, Ark., presided over the bride's cake and Mrs. John Green of Little Rock was in charge of the bride's book. Following the reception, Mr. and Mrs. Tipton left for a month's trip in South Tex., after which time they will make their home in Dallas. The bride's going away frock was of dark blue faille, with white patent necessities. She wore a hat of dark blue felt, ribbon trimmed with white patent and dark blue shoes. Out of town guests included Mr. and Mrs. W. A. Tipton of Wood River, Ill., parents of the bridegroom, Mr. and Mrs. John Green of Little Rock, Sid McMath and Mrs. E. J. McCabe and son, Jack, of Hope Ark.

Mrs. Corinne W. Thomas, woman's page editor of the Texarkana Press, and Mr. and Mrs. Henry F. Offenhauer, also well known Texarkanians, had dinner at Hotel Barlow in Hope Thursday night while driving home from a visit to Prescott.

Mrs. W.M. Cantley Hostess to W.C.T.U. Interesting Program in Observance of Flower Mission Day

Flower Mission Day, an outgrowth of deeds of love performed by an invalid, Miss Jennie Cassaday, of Louisville, Ky., the worthiness of which attracted the attention of such leaders

as Miss Frances Willard, was observed Thursday afternoon at the regular meeting of the Hope Women's Christian Temperance Union which was held at the home of Mrs. W. M. Cantley on East Second Avenue, with Mrs. W. P. Ages, Sr., joint hostess. Mrs. H. H. Stuart, president, presided over the business session, which was opened with the singing of "America," followed by the Lord's prayer, in concert. Mrs. R. L. Broach, using Genesis 1:1-5, as the basis for her remarks, gave a most inspiring devotional, with "The Preciousness of the Bible," as her theme. Miss Mamie Twitcheell, secretary, read the minutes of the previous meeting, and Mrs. Jennie Hanegan gave a report of her activities as flower mission and relief chairman and of the splendid work done by the members of the Union. This was later supplemented by a report by Mrs. Agee who told of some rescue work which had been done by members of the organization. It was announced that United States District Attorney George E. Q. Johnson, of Chicago, would speak on "Gangland," over the Columbia Broadcasting system network on next Monday evening at 6:30. Attorney Johnson has attracted the attention of the world because of his successful prosecution of Al Capone and his henchmen. Mrs. Stuart read a letter from the state president, Mrs. L. B. Crenshaw, in which members of all local unions were asked to sign a petition to be presented next January to the International Disarmament Conference. A letter was also read from Mrs. Hugh Ogletree, of Stuttgart, who is state chairman of flower missions. Mrs. Dorsey McRae was program chairman for the afternoon and pre-

sented Miss Joy O'Neal, who sang "Care Self," by Handel, and responded to an encore with "In the Luxembourg Gardens." (Manning). She was accompanied by Miss Harriet Grace Story.

Miss Virginia Higginson delighted her audience with a reading, "The Way of a Woman," and gave as a second number, "De Cushman Hop." Mrs. McRae gave a short talk on the origin of Flower Mission Day which is held annually in June, as June 9th is the anniversary of the birth of Miss Cassaday.

Mrs. H. H. Stuart gave a history of the Flower Mission movement as originated in war hearts desirous of spreading pleasure with the lilies of the field, messages of inspiration and cheer and food and clothing to those in distress. This work has grown until its scope is world-wide and the good thereby accomplished is unlimited. The commendatory words, "Inasmuch as ye did it unto one of the least of these, ye did it unto me," have taken root and grown, and the lives of the participants have become greatly enriched as a result. Flowers were distributed to the hospitals at the close of the meeting.

During the social hour, delicious refreshments were served by the hostesses, assisted by Miss Higginson, Miss Maria Cantley and little Miss Marjorie Dildy.

The next meeting will be held on the afternoon of July 16.

BAILEY-HARVEY

The following announcement will be read with interest by her many friends in this city. Mrs. Harvey will be remembered as Miss Alice Irene Bailey, daughter of Mr. and Mrs. G. E. Bailey, of Arkadelphia and the sister of Olin C. Bailey, former circuit clerk of Hempstead county.

Mr. and Mrs. Gentry Ethredge Bailey announce the marriage of their daughter, Alice Irene, to Mr. Leonard A. Harvey, on Wednesday, June 17, 1931, at Glendale, Calif. They are home at 347 East Queen street, Ingleswood, Calif.

This announcement of the marriage of the elder daughter of Mayor Bailey of this city has been received by friends here.

This ceremony took place in The Wee Kirk o' the Heather, a church in memory of Annie Laurie, "Built into the side of a hill, with Scottish heather planted on the slopes surrounding it, the Wee Kirk o' the Heather was dedicated in October, 1929. It is a non-sectarian ministering to all creeds, a place for vows and memories. Here little children are christened. Here, in this lovers' shrine restored for lovers, man and maid are wed. Here when life is done, memory is enshrined. Here flowers bloom throughout the year and song birds trill the language of love.

"The Wee Kirk o' the Heather is a companion to the Little Church of Flowers, built in 1917 and inspired by the Church of Stoke Pages, Buckinghamshire, England, where the poet Gray wrote his immortal "Elegy." Mr. and Mrs. Harvey are expected to arrive here Monday for a visit with her parents and friends after which they will return to Ingleswood, where Mr. Harvey is a merchant, and make their future home.

Mrs. Harvey is a A. B. graduate of Henderson-Brown and finished her work for her master's degree at California University, Berkeley. She has done graduate work at Colorado University, Boulder; spent two summers at the National University, Mexico City and at Peabody College, Nashville. She has taught at Prescott, Ark., and at Ingleswood, Calif., being head of the Spanish department of the high schools, the subject in which she majored.—Arkadelphia Siftings Herald.

Slayer of Deputy in Texas Is Held Insane

WISHITA FALLS.—(AP)—D. C. (Blackie) Evans, charged with the slaying of a Hutchinson county deputy sheriff and whose case was transferred to Wichita county on a change of venue, is suffering from "Dementia praecox of a paranoid type," according to a report made to the district attorney here by C. W. Gentry, superintendent of the Wichita Falls state hospital, who has had the prisoner under observation since he was brought here from Sisseton, Texas, several months ago. Local officers said they would have to confer with Hutchinson officials before announcing what disposition would be made of the case.

Hoover Rededicates Lincoln Tomb

President Herbert Hoover dedicated the rebuilt Lincoln Memorial at Springfield, Illinois, and closed his three-day visit to the midwest. In his address at the tomb he reminded the nation of Lincoln's oft-repeated admonition that obedience to law is the safeguard of liberty. In this photo, made by NEA Service, Inc., for Hope Star, President Hoover is shown making the dedicatory address.

Audit Hope Water & Light Plant

July 1, 1930 to April 30, 1931

To the Honorable John P. Vesey, Mayor and
City Council,
City of Hope, Arkansas.

Gentlemen:

We have audited the records of the Hope Water and Light Plant for the period from July 12, 1930 to April 12, 1931, covering nine months operation and herewith submit our report with accompanying exhibits and schedules as shown by the index herewith attached.

"BALANCE SHEET EXHIBIT A"

The cash in the First National Bank was reconciled with the statement from that depository and proved to be in balance with the book account, reconciliation shown in Schedule No. 1.

The Petty cash fund was counted and proved to be correct.

The customers accounts amounting to \$6,877.73 was checked and proved in balance with the customers ledger.

The inventory amounting to \$20,056.85 is shown in detail in Schedule No. 2. Notes payable consists of warrant numbered 16407 for \$5,000.00 advanced as a temporary loan by the City of Hope.

The customers deposits amounting to \$7,921.00 are deposited for meters by the Light and Water customers and were checked throughout and proved to be in balance with their ledger account.

Profit and Loss—Income and Expense statement as shown in Exhibit "B" we believe is self explanatory in every detail.

Schedules 3, 4, 5, 6, 7 and 8 give a detail explanation in various transactions covering this period.

Our investigation shows that the employees are not covered by a surety bond and we suggest that a blanket form covering all employees be secured.

The net profits amounting to \$32,430.42 after deducting the depreciation and after deducting free service we consider a very creditable showing and wish to commend the officers of the City of Hope in securing a manager so capable of handling the affairs of the plant.

We found no material errors in the accounts as carried on their books and considering the amount of business transacted is a very creditable showing for the clerical force.

We have not attempted to show a comparative profit and loss statement in as much as our audit only covers the nine months period and also that the cost of fuel for the ensuing period will be much greater due to the additional cost of wood over the former fuel of gas.

The period covered by this audit shows practically only a very short period in which wood was used as fuel.

To attempt an estimate covering the next 12 months period would be practically all guess work, due to the additional cost of production and a reduction in rates that has been allowed.

Respectfully Submitted,

FRANK H. PHILBRICK & CO.

Edison Nearer Rubber, Is Claim

Year Brings Progress in Goldenrod Experiments of World Famous Inventor and Scientist at Florida Winter Home

FORT MYERS, Fla.—(AP)—With his rubber experiments far advanced, Thomas A. Edison will leave Florida soon for his home in New Jersey.

He has indicated that the year has brought steady progress in his search for rubber in goldenrod.

Edison promised his close friend Harvey Firestone on his 84th birthday that rubber would be made from goldenrod within two years.

The inventor has been compelled to use a wheel chair most of the time during the past winter for traveling from his home to his little frame laboratory across the boulevard.

Although his organic condition has been better this year and he has suffered less from stomach trouble than in past seasons, his strength has been less.

He appeared in public but little last winter. He took a prominent part in the dedication of a new bridge named for him across the Caloosahatchee river in Fort Myers. He also appeared with Mrs. Edison during a Red Cross drive and attended two or three social functions.

He has taken numerous automobile trips to various parts of southern Florida this season, but for the most part has preferred to remain quietly at Seminole Lodge, watching his rubber experiments.

There has been no change in the inventor's diet this year. His only food has been a glass of milk every two hours, interspersed rarely with a bowl of broth.

the Camden Chamber of Commerce have made plans for a mammoth celebration, the biggest ever held in this section.

Fifty pounds of fire works will be given away to the visitors.

Thousands Watch Show With Body in Rear Seat

American Mayors Attend Madame Foch Reception

PARIS.—(AP)—The American mayors who were not too fatigued from their fortnight in France to attend an afternoon reception were amply repaid by a visit to the "Maison de Madame Foch" widow of the late Marshal Foch.

The mayors were received by Madame Foch and Jules Jusserand, French ambassador to the United States at the inter-club club, which Marshal Foch once was president of.

Trial of Arkansas Robbers Postponed

HUNTSVILLE, Ark.—(AP)—Postponement of the trial of John Henry Harris and Walter Dennis, on a charge of robbing the Bank of Kingston, on Monday, was ordered Monday in circuit court until the September term.

The third man, Lloyd McAduo, is waiting grand jury action in connection with the robbery, in which about \$100,000 was taken. All three are at liberty under bonds.

CLIVE thought her the sweetest, most attractive girl in the world. Liane was flattered by his attentions, knew the others were jealous when they appeared together. But she was only his mother's social secretary and Clive was the sole heir to enormous wealth. Should she accept his proposal of marriage? Should she tell him about that earlier romance?

The love story of Liane Barrett and Clive Clesspau is one of the most absorbing in modern fiction. It is told in the new serial, "Heart of Liane," written by Mabel McElliott. Stage life, fashionable New York society and daring underworld intrigue are all accurately pictured. "Heart of Liane" is a story you will not forget. Watch for the first chapter!

It Begins Wednesday in the

REFINED FOR SOUTHERN MOTORS

Every day more people ask for

LORECO

LORECO fits this land of bayous!

Different driving conditions encountered in various sections of the United States are officially recognized by LORECO. LORECO Motor Fuels and Oils are refined with advanced scientific regard for the driving conditions peculiar to this Southern country, this land of the bayou.

By using LORECO Products exclusively you get better mileage, you have less expense on your motor, and the difference in the performance of your car increases your pleasure in driving. Starting today, you can soon prove the truth of these statement. Smiling LORECO Service awaits you everywhere!

ACME TIRES

LORECO has also employed the science of chemistry in perfecting ACME Tires. A vaccine in the rubber makes them last as no other tire ever has under Southern driving conditions. One ACME Tire has been known to deliver 70,000 miles of service under the most trying conditions. Inquire at any LORECO Station about tires for your car.

LOUISIANA OIL REFINING CORPORATION

A CITIES SERVICE UNIT

Tune in on the Cities Service Hour, every Friday evening at 6 o'clock, C. S. T., over the NBC national hook-up of WEAF, KTHQ, KTSB and 34 Associated Stations.

P. A. LEWIS MOTOR COMPANY

Curtis Air-Mist Washer—Rotary Grease Lift—Electric Polisher

town theater Wednesday night, ignorant of the covered body of a suicide in a rear seat.

Just as pistols broke upon the sound screen, Christopher Kelley, 60, North-side druggist, shot himself in the head. Only those in nearby seats knew of the shooting.

A police captain halted removal of the body until a coroner's physician arrived. It lay slumped in the seat and covered with a sheet for 20 minutes while the show "went on."

Dime Bearing 1829 Date Found Recently

FAYETTEVILLE, Ark.—(AP)—A United States ten cent piece bearing the date 1829 has been found by Maxine Gibson, 11. The coin was found in the driveway at the child's home.

It is well preserved and a little larger than the present day dime. It bears the legend "ten cents" instead of "one dime."

Noted British Aviator and Passenger Killed

HATFIELD, Eng.—(AP)—Miss Cecily O'Brien, well known British aviator, and a woman passenger said to have been Mrs. Golden Gallian were killed here Thursday night when their plane crashed near the De Havilland flying school.

Miss O'Brien, with Dady Heath in 1928 claimed the women's altitude record for a light metal seaplane.

Upshur County Truck Shipments Under Way

GILMER, Tex.—The Upshur County Farm Products Association is now in the midst of the shipping season of potatoes, beans, squashes and cucumbers. Six carloads of beans and squash have been shipped during the past week.

Irish potato shipments have commenced and four cars have been shipped, and while the price is low the demand is good. Cucumbers are being shipped in solid car lots.

HOPE'S LEADING GROCERY

Bridge Canyon Building of Dam

Dam Constructors Are Forced to Dangle on Ropes to Reach Work

HOPE, Ark., June 19.—(AP)—Hand laborers are fastening a rope dam across the middle of the cliff, a day's work for the men engaged in the construction of building Hoover

dam. The way they go to work and it's the way they go home from work. The men are engaged in the construction of building Hoover dam. The way they go to work and it's the way they go home from work. The men are engaged in the construction of building Hoover dam.

At this outpost of the project the crew works in shifts continuously—day and night. At still another sector, road crews are fighting their way along the rock walls, digging out a highway to connect Boulder City and the dam site.

Between the floor of the niche and the ceiling a heavy bar is clamped in a vertical position. On this there are two arm shaped bars, sturdily built, which support the heavy jackhammers.

When the holes are completed, powder is placed and the explosion which follows rips out huge sections of rock. All equipment must be carried out prior to the blast and then moved back afterward.

In few instances in railroad construction have there been so many perils and difficulties to be overcome.

Perilous Business

First, a cable was strung across the 300-foot chasm, then the two-inch compressor air pipe was pushed across, section by section, by men hanging precariously to a slim cable suspended below the main cable, on wire loops.

Power thus reaches the jackhammers as holes are drilled in the "Eagle's Nest" spot where the stout anchor for the tram cable will be imbedded.

At another point, some 50 feet above the water level, jackhammer men are working in a man made groove about 40 feet long, chipping their way along the face of the cliff, cutting out a right of way for the railroad trains which will carry debris from the dam site.

At this outpost of the project the crew works in shifts continuously—day and night. At still another sector, road crews are fighting their way along the rock walls, digging out a highway to connect Boulder City and the dam site.

Between the floor of the niche and the ceiling a heavy bar is clamped in a vertical position. On this there are two arm shaped bars, sturdily built, which support the heavy jackhammers.

When the holes are completed, powder is placed and the explosion which follows rips out huge sections of rock. All equipment must be carried out prior to the blast and then moved back afterward.

In few instances in railroad construction have there been so many perils and difficulties to be overcome.

Hike in Freight Rates Protested in Letter

NEW YORK.—(AP)—The League of Independent Political Action, headed by John Dewey of Columbia Univer-

sity, in a letter made public Sunday urged the interstate commerce commission to deny the railroads' petition for a 15 per cent freight rate increase. The league asked to present evidence at commission hearings.

"Our principal reason for protest," the letter stated, "is that railroad ownership is in the hands of wealthy groups and individuals who have not seriously been affected by the depression and who will not suffer if their petition is denied."

"On the other hand," the letter added, "such an increase in rates will only plunge the farmers and masses of consumers into deeper distress."

Rocky Mound

The people of this community have plenty of work to do after the rain last week.

Several from here enjoyed the play at Green Laseter Friday night. Mrs. E. G. Wright visited relatives in Nashville Wednesday.

The Rocky Mound baseball team defeated Arlison 7-1 Saturday afternoon.

The party at the home of Mr. and Mrs. N. C. Purtle's Saturday night was enjoyed by a large crowd.

Mr. and Mrs. Clyde Monts and little daughter Betty June and Miss

Pearl Monts of Hope spent Sunday with home folks here.

Mr. and Mrs. Dale Hunt was the dinner guest of Mr. and Mrs. Bud Hunt of Henry Chapel Sunday. Singing at this place was well attended Sunday afternoon. In spite of the rain we had several visitors which were: Prof. P. W. Taylor and Jim Holloway of Roaston; Prof. Horace Kennedy, Clifford Franks, Mr. Davis and Malcolm Hinton of Hope. We appreciate these good singers and invite them back.

Some from here are planning to attend the homecoming at Harmony next Sunday.

Next Saturday and Sunday is our regular preaching days.

Melrose No. 2

The farmers were proud of the rain.

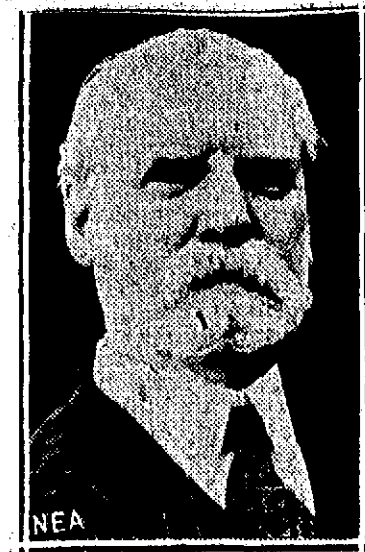

Mrs. S. Beadle and son Carl and Mrs. Dugher and son Ervin of Wheatley, Ark., are visiting relatives here.

Wives Opal Byron visited in Magnolia Sunday.

Mrs. Clyde Sutton of Ashdown has returned home after a visit with her mother, Mrs. S. N. Murray.

Mr. and Mrs. Monnie Bonner and daughter spent the week end with Mr. and Mrs. Roy Arnold of Hope.

Hughes at College

This new portrait of U. S. Chief Justice Charles Evans Hughes was snapped on the campus of Brown University, Providence, R. I., when the jurist attended commencement exercises there.

Jots Around Shover

The welcome rains are hailed with gladness. When we are remembered of the drought of 1890 we certainly are glad to see the good prospects now for 1931 crops.

Our community seems to be enjoying good health at this writing. The early blackberries are ripening nicely and the plum crop is also ready to be harvested.

Mr. and Mrs. Archer of near Patmos was a recent visitor at the home of their brother, Mr. Robertson.

J. R. Gray has returned to his work in Palestine, Tex.

County Judge Higginson was a Shover Springs visitor Monday, looking after road work.

Arthur Moss has begun hauling gravel for the Shover Springs road.

S. E. Huff and Milton Ottwell were Hope visitors Saturday.

Washington Rt. 1

Crops are looking fine at this writing.

Everybody remember that next Sunday, June 21st will be our Sunday school day at Holly Grove. We would be glad for all singers that can come

and help make the day a pleasant one. Lige Bearden and family and Mrs. W. S. Atkins and daughters, Wilma and Margaret, visited Mrs. Atkin's brother, Charlie Smith, at Nashville Sunday afternoon.

Mr. and Mrs. Eddie Sutton and Roy Sutton made a business trip to Hope Friday.

Mrs. Ed Shapley and brother Dewey Sutton of Smackover visited their parents, Mr. and Mrs. H. L. Sutton from Tuesday until Thursday.

New Hope

Miss Roxie and Lester Watkins spent Sunday with friends at Washington.

Mr. and Mrs. Baker's entertainment was well attended Saturday evening.

We are sorry to know that Miss Myra Lee Boyett is ill. We hope for her a speedy recovery.

The people of this place are certainly enjoying the rainy weather after the long drought.

Sunday is our regular meeting day. Everyone is invited to attend services Sunday.

Sam Dyer of Shover Springs visited in this community this week end.

Oak Grove

We all appreciate the nice rains we have been having. Mrs. D. M. Collier was shopping in Hope Saturday.

Bro. Fincher preached a fine sermon Sunday.

Good—they've got to be good!

Every 24 hours,
155,000 Central Office
OPERATORS
[IN THE U. S. A.]
handle 65,067,000 calls!

"Hello, San Francisco—New York speaking." And a voice as clear as a bell leaps 3,000 miles! But how often do you give a thought to the girl whose quick intelligence and whole-hearted attention to duty makes this miracle possible? What an interesting, yes, exciting part she plays in this game of putting your call through!

"Here's your party!"

Put in a call for the cigarette that's made to smoke milder and taste better! And you get CHESTERFIELD!

For Better Taste and CHESTERFIELD are the same number.

They're milder—smoke as many

as you like! And they taste better—that proves itself the minute you light up!

It doesn't take a long distance call to "get" Milder Better Taste. Here's your party—CHESTERFIELD!
